Mr. WASHBUKNE, of Illinois, inquired the object of having a session to morrow evening.

Mr. WASHBURNE, of Illinois, inquired the object of having a session to-morrow evening.

Mr. PRICE responded that the committee on Pacific Railroad had not been called for two months, and to all appearances would not be called for two months longer. It had very important bills to report, and by the means ingrested it would not interfero

with any other business.

Mr. WASBURNE thought it would be giving an undue preference to that committee over other committees. The committee on Commerce had also very important bills to ropert, and all commit ees had to take their regular turn; besides, bills involving such vast appropriations as the bills to be reported from the Pacific Railroad committee were not to be disposed of man evening session. He demanded the yeas and mays on the motion to lay on the table. The vote baving been taken, resulted, yeas 61, nays 40. So the motion to reconsider was laid on the table, having the resolution adopted.

Mr. CONKLING raised the point of order that the first resolution was not in order, inasmuch as the question of the admission of Tennes ee was not the question of the description committee, it having now before the Rec astruction committee, it having recorted it to be House.

The SPKAKER sustained the point of order.

The call of the States being completed, the next business in order was the consideration of a resolution offered by Mr. Julias on the 29th of January, which went over under the rule, declaring that it is the indigment of the House that the speedy trial of Jefferson Davis, by a civil or military tribunal, for the crime of treason or the other crimes of which he stands charged, and his prompt execution if found guilty, are imperatively demanded by the people of the United State, in order that treason may be adequately branded by the nation, traitors made infamous and the repetition of their crimes, as far as possible, be prevented.
